Coolant Pump Conversion: Two-Speed To Single-Speed And Single-Speed To Two-Speed Accessory Kit - US17+OBD16 And Newer Emissions

Internal Content

On certain chassis it may be necessary to replace the two-speed coolant pump with a single-speed coolant pump or replace the single-speed coolant pump with a two-speed coolant pump.

An accessory kit for two-speed to single-speed and single-speed to two-speed coolant pump conversions is now available. Refer to the operation below.

NOTE: The same accessory kit, part number 85156291, works for both two- to single-speed AND single- to two-speed conversions.

1. In Premium Tech Tool, run Operation 1700-22-03-06 Accessory Kit, located under the Program tab.

2. In the Accessory Kit number entry field, enter **85156291**.

3. Click **Program.**

4. Allow the operation to complete and click **Exit**.

5. Check coolant pump function.
