

SIB 71 02 22

SERVICE ACTION: REPLACE EMISSION CONTROL INFORMATION LABEL (K34)

2022-06-14

This Service Information Bulletin replaces SIB 71 02 22 **dated May 2022**.

What's New

- The part number has been corrected
- Part ordering information had been updated

MODEL

Model	Model Description	Production Date
K34	R18, R18 Classic	Aug 16, 2021 - May 2, 2022

The affected vehicles have been marked with campaign number **0071190000** in AIR.

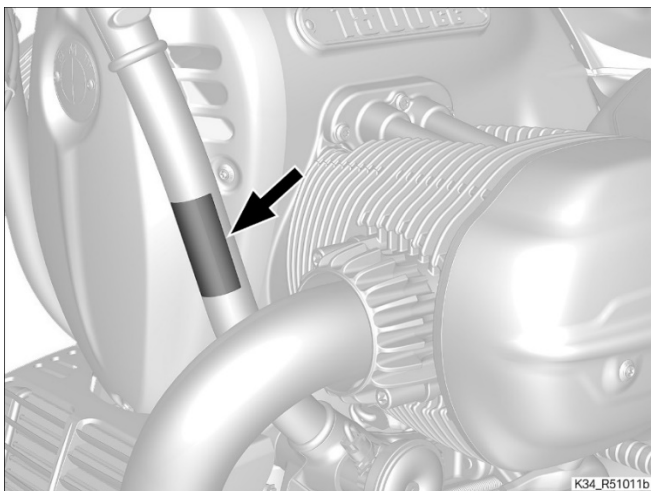

In order to determine if a specific vehicle is affected by this campaign it will be necessary to verify the vehicle VIN in AIR (Aftersales Information Research). Based on the response of the system, either proceed with the repair or take no further action. Please note, open campaigns or vehicle stops may not appear in DCS Warranty Vehicle Inquiry or sales systems until 24-72 hours after they are announced, therefore AIR is always the recommended method for determining open campaigns and vehicle stops.

SITUATION

Label "Emission Control Information" contains incorrect information regarding the engine family installed in the vehicle.

PROCEDURE

Label "Emission Control Information" with the erroneous information must be removed and replaced by the corrected version.

This work must be done prior to the delivery of the motorcycle.
If the motorcycle was already retailed, the label must be replaced during the following dealer visit.

PARTS INFORMATION

Order by VIN using a YPMP order type:

Part Number

71 22 8 859 731	Emissions Label
-----------------	-----------------

CLAIM INFORMATION

Please submit claims via the normal claims process using the information below:

Defect code

00 71 19 00 00	Replace Label "Emission Control Information"
----------------	--

Labor Operation

00 60 413	Replace Label "Emission Control Information"	3FRU
-----------	--	------

FRUs includes all repair procedures to complete the task with allowance for necessary ancillary tasks (e.g., visual inspection, lubrication, cleaning parts etc.) and administrative tasks.
