	* Updated: Summary
2022-07-19	Initial release

Purpose for Parts and Accessories Bulletin

To inform dealers that the Screamin' Eagle Pro Street Tuner (Part No. 41000008C) will be unavailable for the remainder of 2022. Pro Street Tuner availability is expected in January 2023.

Screamin' Eagle (49-State) Touring and Trike calibrations are available now through Digital Technician II (DT II). Below is the list of available calibrations. This service bulletin will be updated again when Softail and Sportster calibrations are available.

Markets Affected

United States: 49-State application except California.

Canada, Mexico, and Australia.

Summary

The Screamin' Eagle Pro Street Tuner (Part No. 41000008C) for 49-State application will be unavailable for the remainder of the year with availability expected in January 2023.

Due to current 2021 and later fitment of Screamin' Eagle/Digital Technician II calibrations, it is recommended dealerships prioritize (Part No. 41000008C) inventory to customers with 2020 and earlier models.

Screamin' Eagle (49-State) Touring and Trike calibrations are available now through DT II. Below is the list of available calibrations. This service bulletin will be updated again when Softail and Sportster calibrations are available.

Key Messages:

With continued supply chain chip shortages, the Screamin’ Eagle Pro Street Tuner will be unavailable for the remainder of 2022.

- Harley-Davidson expects Pro Street Tuner availability in January 2023.
- Current Pro Street Tuner orders will remain open but will not be fulfilled until that time.
- Review any open orders and adjust accordingly.

Screamin' Eagle Stage I-IV calibrations will be available through Digital Technician II for 2021 and Later models.

- The Screamin' Eagle Digital Technician calibrations will be available to support both narrowband and wideband applications.
- 2021 and Later calibrations will be prioritized first for Digital Technician II with other select 2020 and earlier calibrations coming later.
- When Digital Technician II is used to download a Screamin' Eagle calibration into a specific vehicle, each dealer can expect to be invoiced accordingly on a bi-weekly basis.
- New Screamin' Eagle Digital Technician flash pricing is as follows: Dealer Net Pricing: $164.47 and Manufacturer's Suggested Retail Price (MSRP): $234.95. This pricing is subject to change.

Screamin' Eagle calibrations within Digital Technician II allow a vehicle to receive a base Screamin' Eagle calibration but does not allow for adjustability.

- It is recommended that consumers use the Screamin' Eagle Smart Tune Pro Automatic Tuning Module (Part No. 41000445A) where additional automatic fine tuning may be needed.

Table 2. Touring and Trike Configurations

Year	Platform	Configuration	Non-Wideband DT II Part No.	Wideband DT II Part No.
2021-2022	Touring (49 State)	107 Stage 1	41000998D/DT	41001315/DT
		114 Stage 1	41000994C/DT	41001314/DT
		117 Stage 1	41000987D/DT	41001338/DT
		107 Stage 2 Torque	41000988E/DT	41001312/DT
		107 Stage 2 Power	41000989D/DT	41001313/DT
