Product Change Notice – Spring Latch change

Dear Valued Customer:

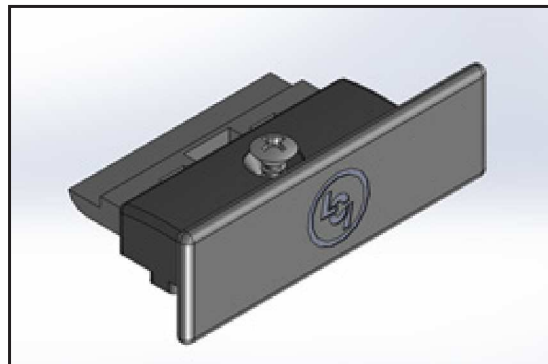

Please be advised a substitution we made for our spring latches on 8800 series DW and T-bar style windows will become standard starting tomorrow on a running basis.

In April 2021 we announced we would be temporarily substituting a sweep latch for the spring latch due to vendor supply. The sweep latch is currently used on our 8700 window series and has been proven for durability in the field.

Products affected are: 8800DW, HS, T-Bar Series windows.

Sweep Latch (RM09894)

Spring Latch (RM27881)

If you have any questions, please feel free to call me directly or your LCI representative. We value and appreciate your business and partnership.

Sincerely,

Troy Whetten
