

GPOP - Issue Review System

Part Number: 04893805A\$, 04893804A\$

Part Description: Valve Cover Gasket

Issue Description: It is advised to replace the full valve cover assembly if you are experiencing a valve cover leak

Engineering has updated the skirt height of the valve cover to address oil leaks. Replace the valve cover (part # 04893800AI (right side) or 04893799AH (left side) includes valve cover gasket) to ensure proper repair.
