

VOLKSWAGEN DEALER COMMUNICATION

REVISION – UPDATE 24HV - Engine Control Module Software Update

This notice is for:

- ✓ Dealer Principal
- ✓ General Manager
- ✓ Sales Managers

- ✓ Service Manager
- ✓ Parts Manager
- ✓ Service Consultant

- ✓ Warranty Administrator
- ✓ Technicians

Date: September 23, 2022

Summary

A revised 24HV Update bulletin has been published with updated claiming and work instructions relevant to fault P0606.

If an ECM was ordered for a vehicle due to fault P0606 with symptom code 32902, technicians should follow the fault clearing procedure in the 24HV work procedure. ***If the fault clearing procedure is successful, please cancel the order for the ECM.***

Please see the revised bulletin for 24HV Update published in ELSA and ServiceNet for additional information.

-END OF MESSAGE-

Ensure all dealership personnel are aware of this notice so they are able to address customer questions. Contact Warranty if you require additional assistance. Direct press inquiries to Volkswagen Public Relations.
