Phone As A Key

As promised in the letter we recently sent, the Phone As A Key function for your F-150® Lightning™ truck is now active. Like the name says, your phone can now be your key. Set it up with a few simple steps in your FordPass® App, and you can lock, unlock or start as many as four separate vehicles. Hurray! No more fumbling for the key fob.

Ongoing updates like this help you enjoy the best possible version of your F-150® Lightning™ truck
