| 2022-2023 | LX600   |           |        |

**CONDITION**

Some 2022-2023MY Lexus vehicles with the '21MM (Multimedia) system may experience an error with the User Profile not loading when starting the vehicle and the vehicle reverting to the Guest Profile mode.

**Error Message**

**Welcome Banner**

If the vehicle displays the error message, and/or the user is not able to observe welcome banner with their profile name on the screen, follow the recommendations below to apply the workaround.

**RECOMMENDATIONS**

During PDI, or upon guest's complaint, perform the steps below as "best practices" to support the User Profile loading. **(Not applicable to ES, LS, LX, UX models)**

**Verify and leave the ACC Customize feature in the ON position.**

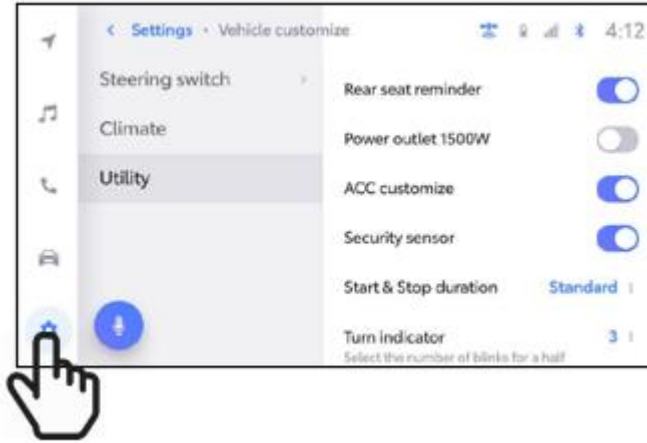

1. Press Engine START switch to the ON position (ON mode).

| <b>User Profile Inoperative - Guest Profile Loaded At IG-ON</b> | <b>USA</b> |
| Applicability   |            |
| All Applicable Models   |            |

**RECOMMENDATIONS**

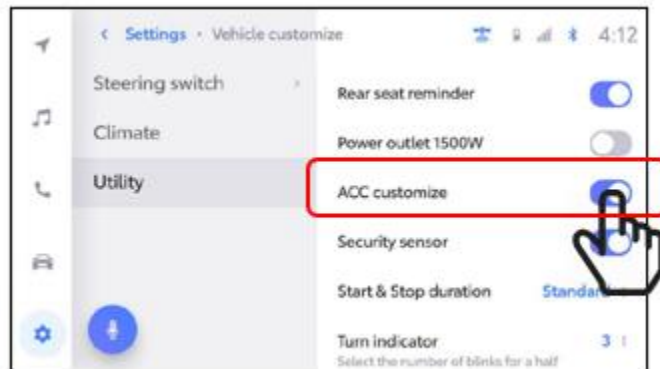

2. Enter the Settings menu (Gear Icon)

3. Select Utility

4. If not already ON, change the setting to ON (toggle at right with blue background).

| <b>User Profile Inoperative - Guest Profile Loaded At IG-ON</b> | <b>USA</b> |
| Applicability   |            |
| All Applicable Models   |            |

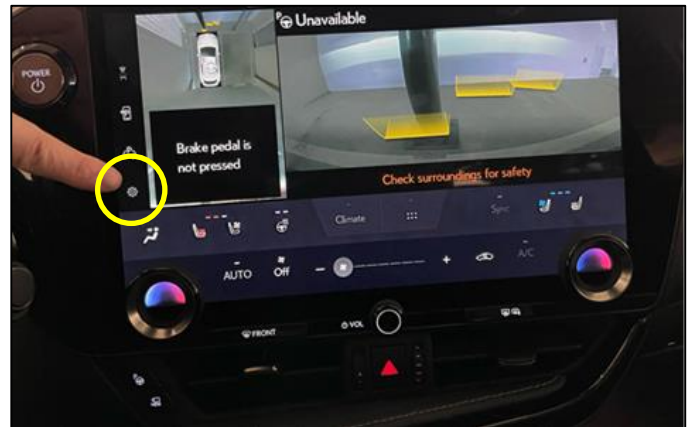

**RECOMMENDATIONS**

**Disable the Remote Park feature on the vehicle if equipped (2022MY NX350h & 450h+ only)**

1. Start the vehicle or set to ACC ON
2. Press the Advanced Park switch

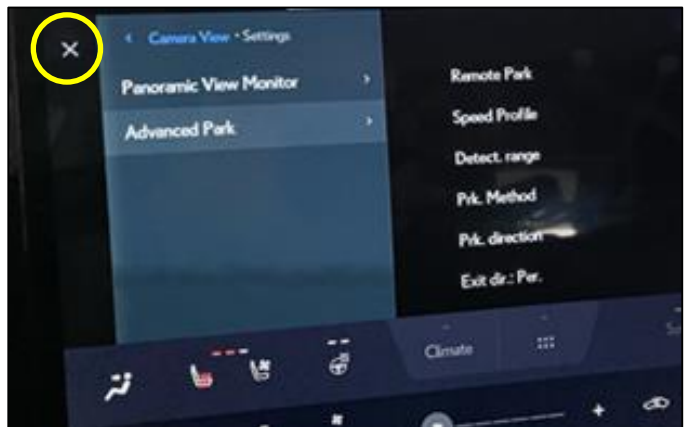

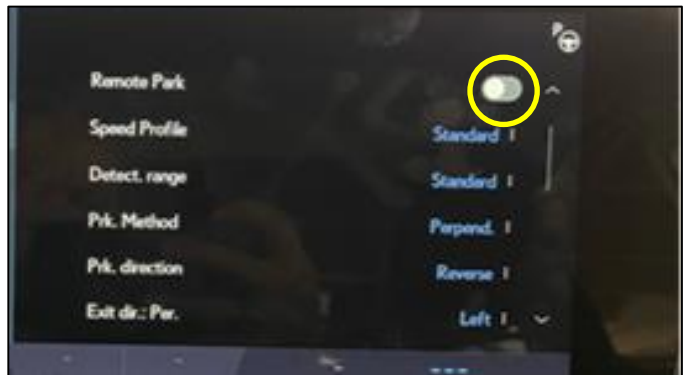

3. Press the Advanced Park settings button

| <b>User Profile Inoperative - Guest Profile Loaded At IG-ON</b> | <b>USA</b> |
| Applicability   |            |
| All Applicable Models   |            |

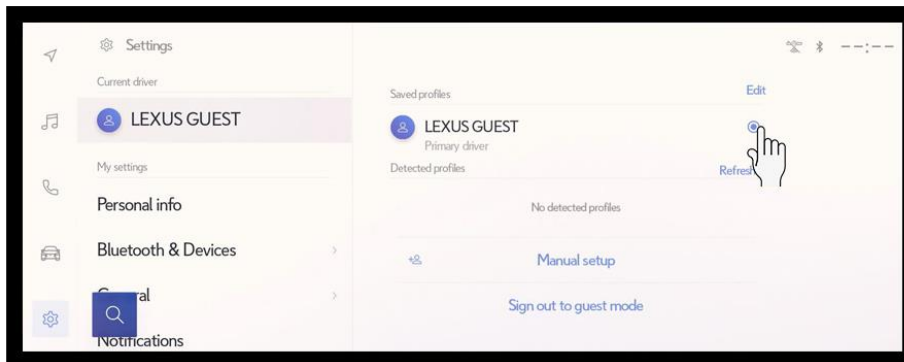

**RECOMMENDATIONS**

**Verify that the intended User Profile is linked to the specific Smart Key FOB**

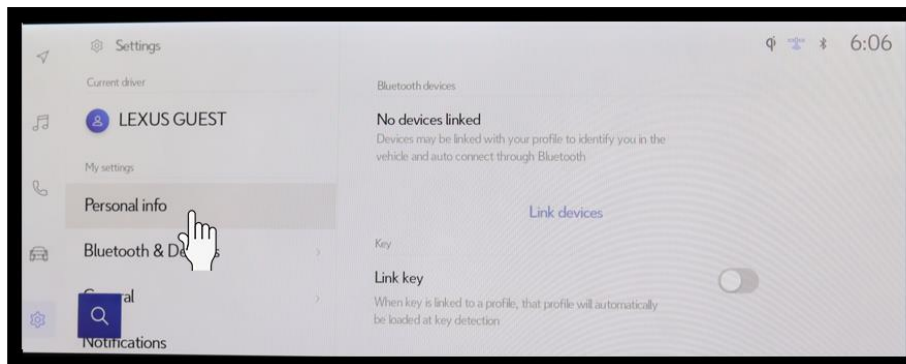

1. Select the Gear Icon at the lower left of the screen.

2. Select the profile that would like to be loaded on startup, if the profile is not the correct one, select the desired one from the "Saved Profiles" section.

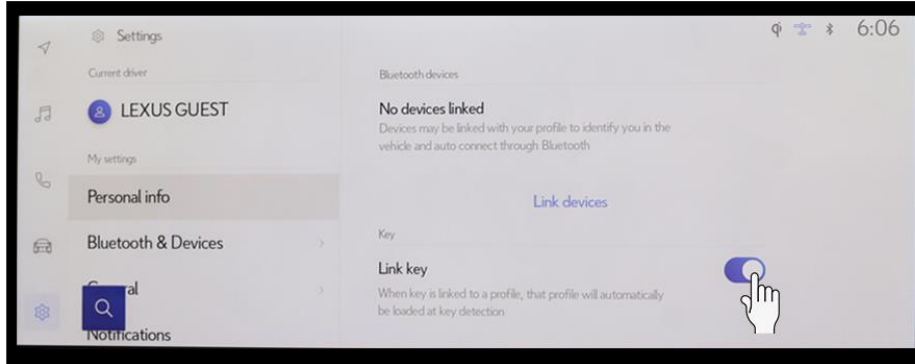

3. Select "Personal info" from the "My Settings" menu, then scroll down to the "Key" section.

| Applicability   |        |
| All Applicable Models   |        |

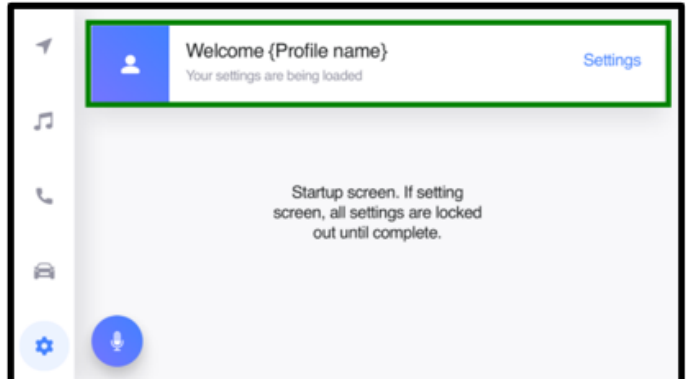

**RECOMMENDATIONS**

4. Toggle “Link Key” to the “ON” position.

**Confirm the intended User Profile was loaded automatically**

1. Have the saved profile loaded, then turn IG OFF
2. Exit the vehicle and close the door
3. Lock the vehicle
4. Wait 1-2 minutes
5. Unlock the vehicle with the linked key fob
6. Enter the vehicle
7. Turn IG ON
8. Observe HU screen (welcome banner)
