

Service Bulletin

TECHNICAL

Subject: Clunk or Pop Noise Coming from Rear Suspension (Europe Only)

Brand:	Model:	Model Year:		VIN:		Engino	Transmission:
Branu.		from	to	from	to	Engine:	Transmission.
Chevrolet	Camaro	2016	2022	—	—	_	—

Involved Region or Country	Europe
Additional Options (RPOs)	FE3: SUSPENSION SYSTEM-SPORT FE4: SUSPENSION SYSTEM-SPECIAL RIDE & HANDLING FEA: SUSPENSION SYSTEM-RIDE, HANDLING, PERFORMANCE, VAR 2
Condition	Some customers may comment that a clunking or popping noise can be heard from the rear suspension area while driving.
Cause	The rear adjust link may be undersized for certain driving conditions and may wear over time.
Correction	 An improved part design has been released for service. ⇒ Replace the rear adjust link with the revised part.

Important: Service agents must comply with all International, Federal, State, Provincial, and/or Local laws applicable to the activities it performs under this bulletin, including but not limited to handling, deploying, preparing, classifying, packaging, marking, labeling, and shipping dangerous goods. In the event of a conflict between the procedures set forth in this bulletin and the laws that apply to your dealership, you must follow those applicable laws.

Service Procedure

- 1. **Only** replace the rear suspension adjust link. Refer to *Adjust Link Replacement* in the Service Manual.
- 2. Perform a rear wheel alignment. Refer to *Wheel Alignment Measurement* in the Service Manual.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, <u>DO NOT</u> assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
