FOR THE ATTENTION OF ALL:

DESCRIPTION OF ISSUE

A potential concern has been identified on specific vehicles within the above vehicle range.

Certain 2023 model year Range Rover vehicles have been fitted with the incorrect alloy wheels, compared to the order specification

ACTION TO BE TAKEN

This campaign directs retailers/authorized repairers to quarantine any unsold and affected vehicles within the above vehicle range. No vehicles are to be distributed, handed over to customers or used on public roads. The Vehicle Identification Number (VIN) of any affected vehicle already handed over to customers must be reported through e-mail to jircamp@jaguarlandrover.com.

This campaign directs retailers/authorized repairers to quarantine any unsold vehicles in the affected vehicle range. A further update will be issued no later than 4th November 2022. This will include the service instruction where possible, but may be a further Vehicle Quarantine Notice.

Check the JLR Warranty Portal to make sure affected vehicles are JLR correctly identified prior to starting this campaign. The Warranty Portal will be updated to reflect only those vehicles affected.

CUSTOMER COMMUNICATION

Should this campaign mean that you are unable to deliver an affected vehicle to a customer at an agreed handover date, advise the customer of the following:

"JLR are committed to delivering vehicles to our customers of the highest quality, complete with the very latest hardware and software. Our vehicles are continually evolving with our Engineering and Design teams constantly looking for new and innovative ways to further enhance and develop our vehicles. JLR have advised us that there is an upgrade to be completed on your vehicle and have instructed us to complete this action prior to handing the vehicle over to you. JLR apologize that this upgrade may delay the delivery of your new vehicle but are committed to make sure customers benefit from the very latest technology to make sure your ownership experience is the best possible."

If necessary, you may communicate technical details of the repair or upgrade that is required on the vehicle, this is at your discretion.

RETAILER EMPOWERMENT

We appreciate the frustration experienced by both our customers and retailers with regards to the launch of any Vehicle Quarantine Notice.

Following the launch of Retailer Empowerment (and where you feel it appropriate), you now have the ability to offer goodwill to customers who have suffered delays in the delivery of their vehicle. Any goodwill offer should be specifically for a customer whose vehicle delivery has been delayed due to this activity to acknowledge the poor experience.

Should you have any questions, please contact the Customer Relationship Center (CRC) in the first instance for help and support.

Yours faithfully
