Part Description:

Bed Step

**Issue
Description:**

If you are installing the AH level or older Bed Step kit on a D2 3500 truck, then also order two units of washer 06508010AA. Reference I-sheet K6862947AC from the bed step kit, page 2, graphic 2. Washers are to be installed on bolts D, between the bed step A and vehicle. Note washers are not required with AH level or older kits installed on DJ 2500 trucks, or with AI or newer level bed steps.
