RE: 2023 Outlander Electrical Supplement Enhancement
TIN NO.: TIN-22-00-016

AFFECTED VEHICLES: 2023 Outlander

PURPOSE:

Recently you received the 2023 Outlander Electrical Supplement (part number MSSP-230B-2023) which failed to include important fold-out circuit diagram pages. The content of the Electrical Supplement is accurate; therefore, you may keep and use or discard them.

During the next couple of weeks, a enhanced Electrical Supplement will be sent to you, which includes the fold-out circuit diagram pages to aid in your diagnosis of potential electrical concerns. For easy identification, the part number will change to MSSP-230B-2023REV.

We apologize for the inconvenience.
