DATE: 11/21/22

SUBJECT: Gen 6 Infotainment Center Display Repair Kit

This Parts Flash replaces RF-22-01 released September 13, 2022. It includes the 2017-2018 Mazda 3.

Repair kits are available to replace just the screen. There is no need to replace the entire infotainment display unit as the supply chain has been heavily impacted due to the [global shortage of semiconductors](#).

Please use the table below when ordering the screen repair kits. This can also be found in Service Alert [SA-041/22](#).
