### **Background**

American Honda Motor Co., Inc. (AHM) is searching for certain 2021-2022 TLX Type S with a client complaint of a front brake noise. The noise can be described as a squeal/moan/groan/rubbing noise. The noise can also occur while turning. To better understand the cause of this condition, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

### **Qualifiers**

AHM is interested ONLY if the vehicle meets the following requirements:

1. Must be a Type S vehicle.
2. Must be able to duplicate the front brake noise.
3. Vehicle has not been involved in a collision.
4. Brake pads have not been replaced & the discs have not been replaced previously.
5. No repair has been attempted for this issue.

### **Action Required**

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at [tis@ahm.honda.com](mailto:tis@ahm.honda.com).

TIS will contact you to record certain vehicle information and provide you with further instructions.

As a gesture of appreciation to dealer technicians who identify and report a vehicle that meets the qualifiers, was accepted as a candidate and is the subject of a successful Dealer Visit/Parts Collection/Info Collection, AHM will provide the referring technician with a Visa gift card. Technical Information & Support (TIS) will provide additional information if this situation applies.

Thank you.
