New Safety Recall / Stop Sale Notification

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

Reason for this Safety Recall

Winnebago Motorhomes has identified an issue where in some cases, retractable awnings are extending unintentionally while the motorhome is in motion. An awning that extends unintentionally while the motorhome is in motion could present a road hazard, which can increase the risk of a crash.

Service Action

Winnebago will conduct a voluntary safety recall to address this awning issue, however the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

In the interim, all systems in the coach can be functionally demonstrated.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!

Best Regards

Niles Whitehouse
