December 2022

This Notice applies to your vehicle VIN listed above.

Dear Forest River Customer,

Forest River is alerting you to an issue involving certain 2023 Catalina Travel Trailer recreational vehicles. Please see the information below, which describes the issue and provides you with details on the steps you should take to have your vehicle repaired.

WHAT IS THE ISSUE?

The Federal Placard may indicate the incorrect dry weight of the vehicle.

WHAT SHOULD YOU DO?

Federal Placard Installation:

- The labels are located on the road side of the unit, low on the sidewall or on the upper deck on the same side and on the entry door;
- Wipe off the labels with isopropyl alcohol;
- Match the labels and carefully place the new labels directly on top of the old labels

If you are not comfortable with installing these labels: Please contact your dealer immediately and request a service appointment to schedule the free remedy. The vehicle Owner is responsible for arranging to have the work completed. Please state you have been notified by Forest River of having a recall in process for your vehicle and provide the recall number for the dealership. It is also helpful to the dealership to have a copy of this letter when you take your vehicle in for the recall remedy. You may also visit www.forestriverinc.com for dealer locations.

HOW LONG WILL THE REMEDY PROCESS TAKE?

The estimated time of repair is .10 hours. However, the dealership may need to keep your vehicle or schedule an appointment with you for a later date to fit into their regular service schedule.
