

#### UPDATES, PERFORMANCE IMPROVEMENTS & OPTIMIZATIONS

With this update, we're delivering improvements to the system in your Lucid Air that allows you to access your vehicle and control its closures, security features, and certain comfort features. We're also delivering improvements to your driver camera, enhancing your vehicle's dynamic attributes, and making the Service experience easier.

Before beginning this update, make sure your vehicle is not plugged in.

- We've improved the operation of your charge port door's automatic close feature.
- We've optimized the operation of your headlights and High Beam Assist.
- We've delivered minor improvements to your vehicle's climate controls and ambient

#### UPDATES, PERFORMANCE IMPROVEMENTS & OPTIMIZATIONS

lighting.

- We've improved the operation of your side mirrors and how they fold and unfold.
- We've improved the robustness of your driver camera so that it recognizes your saved Appearances more accurately and notifies you if it can't detect your face.
- We've improved the accuracy of the Drowsy Driver Warning to help identify drowsy driving and alert you to take a break.
- We've made additional performance improvements to enhance your vehicle's dynamic attributes.
