Symptom/Vehicle Issue: Coolant Color Looks Lighter Than Service Procedure
Coolant

Discussion: When inspecting the coolant in the vehicle it visually looks different than the coolant in service information

Verification: This is normal, the coolant has the same properties as the coolant called for in the service procedure. The coolant will change color depending on the ambient conditions of the vehicle.

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition.
