

# CSN Z23: 2022 (WL) GRAND CHEROKEE L - DEALER SERVICE INSTRUCTIONS AND RFHM PARTS

## Dealer Service Instructions:

Reminder: In order to to synchronize the key fobs to the replaced RFH module, both key fobs must be present in the vehicle.

If only one key fob is available, advise the customer the second key fob initially will not have any remote function; the vehicle, however, will have the start function. Advise the customer to drive the vehicle with the second key fob inside the vehicle for five minutes; this will synchronize the second key fob to the replaced RFH module and restore all the key fob functions.

## Parts:

Part Number 68379519AL requires a specific ordering process.

Any Daily, Special Handling, or VOR orders for PN#68379519AL will be canceled.
