

East Penn has consolidated their product offering. As a result, the following low voltage battery options are now discontinued:

- **FL-292-100 (2) ALLIANCE 1031, GROUP 31, 12 VOLT, MF, 1520 CCA BATTERIES**
- **FL-292-058 (3) ALLIANCE 1031, GROUP 31, 12 VOLT, MF 2280 CCA BATTERIES.**

This discontinuation is effective immediately and affects Saf-T-Liner C2 chassis with a planned start date of 1/16/2023 or later. We have begun the process of updating affected orders in our backlog to the replacement options listed on the table below. For more information on the specifications for the replacement options, please refer to our data book.

Any change orders requesting an option other than these replacement options listed below will be subject to approval based on material lead times.

These changes do not impact our electric vehicle.
