

GPOP - Issue Review System

Part Number: 52854834A\$, 68225344A\$, 68507898A\$

Part Description: Transmission Oil Pan and Gasket Assembly

Issue Description: For Transmission oil leaks, need to identify exactly where the leak is coming from, please check the transmission case at the Trans Oil Heater (TOH) connection on the Grand Cherokee's. Also check the Trans Valve Body at the TCM harness connection.

A black light can be used to identify trans fluid vs. other fluids.

Contact FCA Redacted Content prior to replacing these components.

If no response in 15 minutes, proceed with repair. Please email pictures of leak locations to FCA Redacted Content
