

CSN Z23 - 2022 JEEP GRAND CHEROKEE L, CANCELED ORDERS FOR PN# 68379518AL

There was an issue in StarParts cataloged which referenced certain VINs to order 68379518AL instead of 68379519AL, which is used to support CSNZ23. This was corrected February 25, 2022.

If your dealership has a VOR for 68379518AL and it was one of the affected VINs, your order has been canceled and will be replaced with 68379519AL in the next few days.

All other order types will be canceled as well as they do not have a VIN listed for validation. If your dealership did have a non-VOR order, please review the VIN and validate in StarParts which part is needed. If 68379518AL is still needed, please re-order. If 68379519AL is needed, no action is needed as Mopar is placing orders on your behalf in the next few days.

Apologies for the inconvenience and thank you for your support!
