ODIS Version Update – Service Action 93P9 / Software Update

This notice is for:

- ✓ Dealer Principal
- ✓ General Manager
- ✓ Sales Managers

- ✓ Service Manager
- ✓ Parts Manager
- ✓ Service Advisor

- ✓ Warranty Administrator
- ✓ Technicians

Date: January 24, 2023

Important Dealership Information

The 93P9 software update must now be performed using the latest ODIS Diagnostic Content version **2.30.0**

With this latest release of ODIS Diagnostic Content version 2.30.0, any vehicle that had the voltage converters (diagnostic address 8104 and 8114) compromised during the 93P9 flash may be able to be recovered using ODIS.

If a 93P9 vehicle is down waiting for new voltage converters, please update ODIS to 2.30.0 and re-perform the 93P9 repair according to the published repair instructions. Doing so should update the voltage converters.

-END OF MESSAGE-

Ensure all dealership personnel are aware of this notice so they are able to address customer questions. Contact Warranty if you require additional assistance. Direct press inquiries to Audi Public Relations.
