SUBJECT: Discontinuation of Bonnet Sealer for Mazda3

Due to a supplier change in Dec 2022, bonnet part number BHY0-52-31XA (with seam sealer) will be discontinued and replaced by new part number BAY0-52-31X which does not contain seam sealer. Seam sealer will need to be applied when the hood is being replaced at a collision center/service center.

Seam sealer must be locally sourced following specification guidelines shown below. For application guidelines, [refer to page 09-80C-6 in the bodyshop manual in MGSS](#).

- PN 08368 Urethane Seam Sealer, White, 310mL cartridge
- PN 08360 Urethane Seam Sealer, White, 310 mL foil pack.

One-Part Seam Sealers	UPC	Part #	Size	Color	Chemistry	Qty/Case	Description
 <p>3M™ Urethane Seam Sealer</p> <p>Approved for Direct to Bare Metal</p>	00051135083628	08362	310mL Cartridge	● Grey	Urethane	12/Case	 <p>A high performance seam sealer ideal for sealing interior and exterior automotive and RV seams and joints. Adheres well to properly prepared bare metal, primer and e-coat surfaces. May be welded through using STRSW equipment. Can be smoothed to a featheredge and/or brushed. Reduces the risk of re-dos associated with the use of solvent-based seam sealers.</p>
