

UPDATES, PERFORMANCE IMPROVEMENTS & OPTIMIZATIONS

With this update, we're delivering improvements for your Lucid Air's onboard connectivity, diagnostics, and wireless communications system. We're also optimizing your new Scheduled Charging feature, as well as your vehicle's powertrain and seats.

If you're using non-Lucid charging equipment that also has scheduled charging, use the Pilot Panel to schedule charging instead to avoid a timing conflict and ensure charging begins when you want it to.
