The Investigate Vehicle History (IVH) screen in the Global Warranty Management (GWM) system was updated as "Stop Delivery" and Status as "Incomplete. Remedy Not Available" on March 23, 2023. This action has been taken to assist dealers with determining which vehicles are involved so they can properly respond to customer inquiries.

A list of involved vehicles that have been identified as being in dealer new vehicle inventory is attached to this message. Please verify a VIN's involvement by checking in IVH. IVH is the best source for individual VIN inquiries.
