### Federal Certification Label Updated

March 1, 2023

Dear Tiffin Motorhomes Dealer,

It has come to our attention that some 2023-year models of Tiffin Motorhomes built on PowerGlide Chassis have a Federal Certification Label that does not have the tire information listed. To correct this issue, we are sending dealers and owners of involved units a corrected Federal Certification label to be placed in the involved motorhomes. The label for the above VIN is enclosed.

Figure 1

1. The Federal Certification Label can be found on the entry door frame, Figure 1.
2. Wipe off the old label with isopropyl alcohol and let dry.
3. Carefully place the new label directly on top of the old label.

Please place the updated label in the motorhome and file a claim for 0.25 hours using the flat rate code of BR028720AT, BU028720AT, or PH028720AT with the authorization code of "LABEL". No additional authorization is needed.
