Purpose for Parts and Accessories Bulletin

To inform 49-State US, Canada, Mexico, and ANZ dealerships of the Screamin' Eagle calibration schedule as it relates to 2023 vehicles.

Markets Affected

United States (excluding California), Canada, Mexico and New Zealand.

Summary

Due to limited availability of the previous generation Screamin' Eagle Street Tuner, some select 2023 calibrations were loaded into Digital Technician II (DT II) until the launch of the new Screamin' Eagle Pro Street Tuner. Going forward, 2023 calibrations and updates will be available in the new Screamin' Eagle® (SE) Street Tuner software.

NOTE

Starting March 21, DT II **WILL NOT** be updated to include future 2023-later SE calibrations. Use the new SE Pro street Tuner for your calibration needs.

Key Messages:

- **Jan 2, 2023:** 2023 Carry-over model Screamin' Eagle calibrations for Stage I, II, & IV will be available.

NOTE

2023 Carry-over Touring model Screamin' Eagle calibrations for Stage I & II will be available on Jan 18, 2023.
