Product Change Notice – Mosquito net - Blinds and Flyscreens

Dear Valued Customer,

Please be advised, effective February 2023, grey mosquito netting was switched to black for all blinds and flyscreens.

The only change to the component is the color. This aesthetic change will have no functional or operational impact for our customers.

Please share this product color change with your personnel in order to avoid operational disruptions during incoming material inspection.

If you have any questions, please feel free to call your LCI representative. We value and appreciate your business and partnership.

Sincerely,

Emilio Gambineri
