

Preliminary Information

PIT5997 Buzzing/Whirring Noise Coming From The Dash Behind The HVAC Controls

Models

Brand:	Model:	Model Years:	VIN:		Engine:	Transmissions:
			from	to		
Buick	Envision	2021 - 2023	All	All	All	All

Involved Region or Country	North America
Condition	Some customers may comment on a buzzing or whirring type noise emanating from the dash.
Cause	The interior air quality sensor may have insufficient grease for the induction motor and may cause an objectionable noise

Correction:

If this noise is encountered access the sensor and if the noise is emanating from the interior air quality please replace the B357 Inside Ambient Air Quality Particulate Sensor Module.
