**Part Number:** 05184294A\$, 68105583A\$, 68308741A\$, 68310865A\$, 68365925A\$,  
68365931A\$

**Part Description:** ADAPTER, Engine Oil Filter (Pentastar V6)

**Issue Description:** For all 2014MY replace the Oil Filter Adapter (OFA). For any other MY review and follow instructions from the latest STAR Online S1809000007 available on Dealer Connect. Also, consider the following:  
1) Remove OFA 2) Replace only the oil inlet O-ring and gaskets (seals kit in SOL above). 3) Re-install the OFA. For 2023MY and beyond use black O-ring. For 2022MY and prior use red O-ring. Note:  
When replacing OFA, it may be necessary to transfer the Oil Temp/Pressure Sensor from the old OFA to the new OFA.
