

WARRANTY BULLETIN

TO: Dealer Principal, Service Manager, Service Advisor, Parts Manager and Warranty Claims Administrator

SUBJECT: Fast Feedback Program – 8F30 8-speed Transmission, Torque Converter, Valvebody, Oil Pump, TCM and Wiring - 2023 Jeep Compass (MP)

NO: D-23-05

DATE: February 8, 2023

FOR: All U. S. Dealers
All U. S. Business Centers

PURPOSE

To announce a Fast Feedback Program for replacing the **8F30 8-speed Transmission (Sales Code DGD), Torque Converter, Valvebody, Oil Pump, TCM and Wiring** in an effort to collect, monitor and correct quality issues in a timely and efficient manner.

Models affected:

- 2023 Jeep Compass (MP)

TIMING:

February 6, 2023 – August 4, 2023

NOTE: At the end of this Fast Feedback program, normal Parts Ordering and Service Information procedures will apply.

ACTION:

When customer input and technician diagnosis suggest an 8F30 8-speed Transmission, Torque Converter, Valvebody, Oil Pump, TCM or Wiring defect, drivability or electronic issue, the dealer must:

- Review the nature of the problem and perform all necessary diagnostics.
- Contact the STAR Center at **1-800-850-7827** and review the details of the problem and the diagnostics.

NOTE: All parts needed for these repairs will be “order restricted” during the term of this program. The STAR Center will determine if replacement is necessary based on the information provided, and if approved, the STAR Center will place the order for the dealer.

- If an 8F30 8-speed Transmission, Torque Converter, Valvebody, Oil Pump, TCM or Wiring repair is necessary, you will be advised by STAR of any special instructions regarding component removal and return.
- To avoid damage and fluid spills, all returned parts must be shipped in the same container provided with the new replacement part.

NOTE: DO NOT disassemble the 8F30 8-speed Transmission, Torque Converter, Valvebody, Oil Pump, TCM or Wiring without prior approval from STAR. Chargebacks will be imposed for unauthorized internal 8F30 8-speed Transmission, Torque Converter, Valvebody, Oil Pump, TCM or Wiring diagnostics.

All 8F30 8-speed Transmissions and Torque Converters must be returned using UPS (Heavy) transportation. A STAR Center representative may initiate the FasTrack process in certain cases to ensure proper component packaging and return. All other parts should follow the normal parts return process.

DO NOT return 8F30 8-speed Transmission, Torque Converter, Valvebody, Oil Pump, TCM or Wiring via DDS.

ADDITIONAL INFORMATION:

NOTE: It is possible for a vehicle to have multiple parts on restriction.

Goodwill Alternate Transportation reimbursement requests can be submitted on the same claim as the warranty repair. Refer to Warranty Bulletin D-19-28 (Rev. F) for complete Goodwill Alternate Transportation Guidelines.

Please ensure that all affected dealership personnel are aware of this bulletin.
