This document conveys Volkswagen Warranty general information.

Time Recording Waiver for Service Action 97ZZ

Safety Recall 97ZZ requires Dealers to do an extended software update on 2021 ID.4 vehicles. Per section 2.4.2.1.2 *Actual Clocked Time (A-Time) and Diagnosis Time* within the Volkswagen Warranty Policies and Procedures Manual, Dealers must claim the exact time units identified on the GFF log on all SAGA claims.

As a result, Volkswagen Warranty is waiving the requirement for time punching for technicians on all 97ZZ Safety Recall claims. All other standard documentation is still required.
