

GPOP - Issue Review System

Part Number: 68375805A\$, 68375806A\$, 68375862A\$, 68375863A\$

Part Description: engine mount / heat shield

Issue Description: Before replacing the engine mounts or engine heat shields for humming, droning, moaning, or grinding type noise, verify the noise is not coming from the transfer case or rear driveshaft center bearing. Follow the diagnostic procedure outlined in the latest version of Star Online Publication S2303000001 prior to any repair.
