This message is solely directed to Honda dealership personnel; please handle it accordingly.
 Print this iN message and provide a copy to the Shop Foreman and all Service Advisors.

Background

American Honda Motor Co., Inc. (AHM) is searching for certain 2022-2023 Civics with customer complaint of the A/C not blowing cold air and a technician noticing an oil stain on the right side of the condenser.

To better understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. Must confirm an oil stain on the right side of the condenser where the receiver dryer tube/desiccant tube is located.
2. Customer is complaining of the A/C not blowing cold air.
3. Must confirm that A/C compressor is not seized.
4. No previous replacement of A/C condenser.
5. No impact damage to the A/C condenser (vehicle accident, or hazard damage).

Action Required

If a vehicle matching the qualifiers above comes into your dealership, please e-mail Technical Information & Support (TIS) at tis@ahm.honda.com, or call us at 800-880-1072 (Monday-Friday, 7am-5pm PST). TIS will contact you to record certain vehicle information and provide you with further instructions.

Please be sure to include the following information in your e-mail.

E-mail Title:

1. Model Year (e.g. 2020)
2. Model Name (e.g. Accord)
3. Issue (e.g. Brake Judder)
4. VIN

E-Mail Body:

1. Dealer Number
2. Your Name
3. Best Phone Number to be Reached
4. Current Mileage
5. DPTS#

As a gesture of appreciation to dealer technicians who identify and report a vehicle that meets the qualifiers, was accepted as a candidate and is the subject of a successful Dealer Visit/Parts Collection/Info Collection, AHM will provide the referring technician with a Visa gift card. Technical Information & Support (TIS) will provide additional information if this situation applies.

Thank you.
