Taycan In-Car HV Battery Leak Test Tools

Technical Support
2310 USA Only

Porsche Cars has identified the need for an "In the car" solution to leak testing the Taycan HV battery. PAG in conjunction with TKR has produced a tool set to accomplish this task. The initial use of the PNAWNW3KIT tool kit will be the WNW3 Campaign. The PNAWNW3KIT includes -9J1.094.803.19K- Adapter plate & -9J1.094.803.20K- Adapter plug. One kit will be auto-shipped to all Porsche Dealers. Additional kits will be available after the completion of the auto-shipments. This package will be delivered via automatic shipment as Minimum Required Tools (MRT). Shipments from the Atlanta PDC will start on June 26, 2023.

For questions regarding this shipment create a PRMS ticket. Technical Support > Special Tools
