

TECHNICAL SERVICE BULLETIN

Classification: EL23-010	Reference: NTB23-053	Date: June 16, 2023
-----------------------------	-------------------------	------------------------

SILICONE-BASED LUBRICANT OR GREASE CAN DAMAGE ELECTRICAL COMPONENTS

APPLIED VEHICLES: All Nissan vehicles

SERVICE INFORMATION

Do not apply Silicone-based lubricants or grease to, or around, any interior electrical components.

⚠ WARNING

To avoid the risk of death or severe personal injury, do not directly spray Silicone-based lubricant or grease, or inadvertently overspray Silicone-based lubricant or grease onto any interior electrical components. These types of lubricants can be detrimental to the proper operation of electrical components.

AMENDMENT HISTORY

PUBLISHED DATE	REFERENCE	DESCRIPTION
June 16, 2023	NTB23-053	Original bulletin published

Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. **NOTE:** If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
