Involved Region or Country	North America, Brazil, Bolivia, Chile, Colombia, Paraguay, Peru, Uruguay, Europe, Russia, Middle East, Israel, Palestine, Japan, GM Korea Company, Thailand, Other Africa
-----------------------------------	---

Overview

Important: Service agents must comply with all International, Federal, State, Provincial, and/or Local laws applicable to the activities it performs under this bulletin, including but not limited to handling, deploying, preparing, classifying, packaging, marking, labeling, and shipping dangerous goods. In the event of a conflict between the procedures set forth in this bulletin and the laws that apply to your dealership, you must follow those applicable laws.

Important: Available features, trim levels, equipment content and powertrains may differ in Canada. Consult the vehicle's window label or the GM Canada Vehicle Order Guide.

The purpose of this bulletin is to provide a summary of the key contents for the 2024 Model Year Camaro. Please reference service bulletin **22-NA-116: 2023 Camaro New Model Features** for any previously announced features that are carried over into the 2024 model year.

Deletions

- The LS model is deleted
- RPO (LTG) 2.0L turbo engine is deleted

New Features

This final year for the Camaro will offer a Collector's Edition (RPO Z4B) that will be offered to a limited number of customers. This special edition will provide a commemorative design on the LT/RS, LT1, SS and ZL1 models. Here are example photos for the SS and ZL1 models:

6388121

6388122

On the inside, all 350 Collector's Edition ZL1 vehicles receive a serialized steering wheel badge representing where that vehicle was built in sequence.

Across all builds, Camaro Collector's Editions receive front fender script badging that integrates a panther into the "R," and a panther on the steering wheel badge.

They will also feature floor mats with a laser-etched aluminum Collector's Edition logo and unique black interior treatments.

New Exterior Colors

- RPO (GCP) Nitro Yellow Metallic
- RPO (GJV) Riptide Blue Metallic

Collector Edition cars only:

- RPO (GNW) Panther Black Matte

Important: Dealers/Customers are not to use a brush style car wash on these vehicles due to possible damage to the paint.

- RPO (GLK) Panther Black Metallic Tint

Collector Edition Welcome Kits

The C.E. kits are being distributed through the GM Ad agency and are shipped directly to the customer.

There are two types of kits: ZL1 Customers will get a kit with two posters and a Shinola watch with a numbered back that will match the steering wheel number.

The second kit is for all NON ZL1 C.E. and only includes the posters that the ZL1 kits get. The first poster in the kit is a generations poster with references to historical sketches of that generation and details of each generation. The second poster will be about the C.E. The front page will focus on the C.E. trim levels and the back will detail the history of the Panther/ Camaro and detail Z4B package across each trim/peg level.

Version	1
Modified	Released July 21, 2023

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
