Reason for Revision

Refer to Table 1.

Table 1. Document History

Date	Rev	Revision (Rev) Description
2023-07-27	-	Initial release

Purpose for Service Bulletin

This bulletin informs dealers the essential tools needed for the recently introduced LiveWire S2 Del Mar.

Vehicles Affected

2024-later: S2 Del Mar (S2DM)

Markets Affected

All markets affected.

Required Dealer Action

Table 2.

Action Required	Resolution
NO ☐ YES ☑	**Actionable:** Any vehicle, component or software related issues must be performed according to the service bulletin procedure.

The following two essential tools, sourced by Bosch, will be auto-shipped to dealers. LiveWire recommends that the dealership have them readily available for servicing the newly released S2 Del Mar:

- Bearing Installation/Removal Tool: LW-53215
- Output Sprocket Locking Adapter: LW-53214

LiveWire also recommends the following items, which can be locally sourced. These tools will aid in the replacement of the Rechargeable Energy Storage System (RESS).

- Engine hoist (same one used for LW1 RESS replacement)
- 1 heavy-duty lifting strap (rated at minimum of 600-pound working load)
- Engine lift chain (Performance Tool (Part No. W41032)
- 3/8 inch flat washers (5-10 depending on thickness)
- P80 Emulsion lubricant

For recommendations on using these tools, visit the LiveWire Academy portal.

NOTE

In the interest of preserving customer safety and satisfaction, always check for outstanding recalls whenever any motorcycle is brought into your dealership for either maintenance or service.
