Table 1. Document History

Date	Rev	Revision (Rev) Description
2023-07-10	-	Initial release

Purpose for Parts and Accessories Bulletin

To inform dealerships about Screamin' Eagle calibration availability and tuning capabilities for the 2023 CVO Street Glide (FLHXSE) and Road Glide (FLTRXSE).

Vehicles Affected

2023 CVO: Street Glide (FLHXSE), Road Glide (FLTRXSE)

Markets Affected

United States (excluding California), Canada, Mexico, Australia, New Zealand.

Key Messages

Screamin' Eagle Stage I calibrations are available now.

- Screamin' Eagle Smart Tune and adjustability of other parameters is currently not available. The Screamin' Eagle team is working to enable these features and will communicate more when available.
- Fitment of the Screamin' Eagle Smart Tune PRO Automatic Tuning Module on these vehicles will be delayed.

Summary

- Screamin' Eagle calibrations are now available through the Screamin' Eagle Street Tuner (BCI) (Part No. 41001141).
- These Stage I calibrations support both the Screamin' Eagle Extreme Heavy Breather (Part No. 29400454) and (Part No. 29400455) and Screamin' Eagle Extreme Wedge (Part No. 29400460) and (Part No. 29400459).
- The Screamin' Eagle Smart Tune capability within the Street Tuner and adjustability of other tuning parameters is currently not available at this time. The Screamin' Eagle team is working to enable these features and will communicate more when available.
- The Screamin' Eagle team is working to enable the fitment of the Screamin' Eagle Smart Tune PRO Automatic Tuning Module (Part No. 41000445A). A new M18 Oxygen Sensor Installation Tool will need to be purchased and is planned to be available in Quarter 3.
