

## STAR ONLINE PUBLICATION

**Case Number:** S2308000037 Rev. A

**Release Date:** June 2023

**Symptom/Vehicle Issue:** Windshield Wiper Washer Characteristics

### Discussion: Windshield Washer

Pulling the windshield wiper lever toward the steering wheel and holding 500ms to 1 second will engage both the windshield washer jet and the windshield wiper swipe to be activated. The wipers and washer will continue to operate until you let go of the lever.

The windshield wipers will stop working three strokes after the stalk is released, followed by a final stroke six seconds later to complete the cycle.

Windshield Wiper Operation

1 — Push Forward For Rear Washer
2 — Pull For Front Washer
3 — Rotate Switch For Front Wiper Operation
4 — Push Up for Mist Feature
5 — Pull Lever Downward For Rear Wiper Operation

This document does not authorize warranty repairs. This communication documents a record of past experiences. STAR Online does not provide any conclusions about what is wrong with the vehicle. Rather, it captures all previous cases known that appear to be similar or related to the vehicle symptom / condition. You are the expert, and you are responsible for deciding on the appropriate course of action.
