

## Conversion of the illumination of the multimedia connection units, model series 223, 297

---

Topic number	LI82.85-P-074541
Version	1
Function group	82.85 - Navigation and Communication systems
Date	3/9/22
Validity	Model series 223, 297 with USB package plus (SA code 72B)
Reason for change	

---

### Complaint

With the adaptations from modification year 802 to modification year 803, the illumination of the multimedia connection units has also been converted from white to blue.

The conversion in the production process could result in a different assignment (sometimes white instead of blue or vice versa).

### Cause

Conversion in the production process

### Remedy

If a customer reports the different assignment (sometimes white instead of blue or vice versa). please open a TIPS case.

<b>Symptoms</b>
Communication/information > Entertainment > USB input > Malfunction

<b>Operation numbers/damage codes</b>
