

For our Minotour vehicles built on the GM DRW and SRW chassis platforms: due to radio design changes by GM, we will no longer offer the **PAGE** sales option on the MY23 GM product. The page feature, combined with noise suppression, is being released for the MY2024 GM product offering. There will not be a page only selection for MY2024 GM.

The new **PAGE w/NOISE SUPPRESSION** option and list price detail is provided below. This new sales option will require a MY2024 GM body adjustment sales code selection.
