Rapid Update 651 Grecale – ECC Software Update

DATE: AUGUST 1 2023

Certain Maserati Grecale (M182) MY23 listed in MODISCS+ are involved in a Rapid Update to update the Electronic Climate Control (ECC) software.

This new software is improving the seat heating strategy with better timing to reach the target temperature.

We remind you that all the Rapid Updates must be performed within the first workshop visit, regardless of the Mandatory setting set in Modis, as required by Maserati policies.

Also, for vehicles in Stock Dealer / PDI, it is necessary to carry out all action operations before delivery to the end customer, as required by the White Book and explicitly reported in the Pre-delivery checklist.

Please read and review this bulletin first before starting the procedure.

Contact your Regional AfterSales Manager (RAM) or the Technical Support Helpdesk if you have any questions. (Maseratitechsupport@maserati.com)

Thank You for your continued support and cooperation.

Maserati Americas
Aftersales Dept.

Procedure

1. Always check ModisCS+ to see if the vehicle is involved in this action and if it has not been previously performed.
2. Before proceeding, please ensure that the Engine is OFF.
3. Connect a battery maintainer to the 12V battery (For Grecale, it is recommended to use the E-XTEQ MAXIMUS to maintain minimum voltage and current draw requirements)
4. Key ON Engine OFF (KOEO) check battery voltage and make sure it is at least 12.5 or above.
5. Connect the EVO and select **ECC ► ECU Programming** and follow the prompts.
6. Procedure complete.

Software version to be installed (or newer).

ECU	F18B	F18A
ECC	670303070	670303171

Warranty Claim

Fill in the relative Warranty Claims as follows:

Description	Code
Rapid Update Number	651
Warranty Code	23
Fault Code	063
Component Code	8.49.008
Operation Code	8.49.008.A (0,20h)
