

SS 3128 - FTL2023 M2+ Park Brake Reminder

Applicable Vehicles

M2+ vehicles built without a park brake reminder (db code 275-998)

Symptoms

An audio alarm will activate when key is on, park brake is not set and door is open.

Issue

Park brake reminder will give an audio and visual warning even though it was not requested on the spec.

Solution

Through DL disable the horn alert by updating the parameter 021 443 27 58 to 021 443 28 58.
