FPU 4.3.1

WHAT'S IN THIS UPDATE?

Ford Power-Up 4.3.1

Software Updates Have Been Made.

Several modifications have been made to improve the quality of your instrument panel and other features. There is nothing you need to do.

Ford Power-Up software updates like this help us make improvements without the inconvenience of asking you to leave home. At Ford we value your satisfaction, and we respect your time.

Ford Power-Up 4.2.2.3

Digital Owner's Manual

We made sure that what you need to know is in there and easy to find. Go see it on [Ford.com/support](https://www.ford.com/support) or in the FordPass® App.

You can also access it in your vehicle through the SYNC®4 touchscreen under the Features tab or through the SYNC4A touchscreen under Apps.

Ford Power-Up delivers software updates that are designed to make your Ford Bronco® SUV better over time.

Ford Power-Up 4.3.2

Update to Flat Towing

We listened to your feedback and have made an update to your flat towing experience. Enhancements have been made to your Electronic Brake Booster, to help improve your braking experience when your vehicle is being towed.

Ford Power-Up delivers software updates that are designed to help make your Ford Bronco® SUV better over time.
