## TECHNICAL OPERATIONS

### SUBJECT: AIR CONDITIONER AUTO-DRY WHILE VEHICLE IS OFF

This Pitstop provides information regarding the new feature Air Conditioner Auto-Dry on some 2022-2024MY EV6 (CV), 2024MY Sportage (NQ5a), and 2024MY Niro EV (SG2 EV) vehicles. Some Kia owners may state that their air condition fans continue to run after the vehicle has been shut off. The Air Conditioner Auto-Dry feature will automatically run the Heating, Ventilation, and Air Condition (HVAC) fan to dry the inside of the air conditioner system to help prevent mold growth. Kia owners may be unaware of the Air Conditioner Auto-Dry feature. Follow the steps below to enable or disable the Auto Conditioner Auto-Dry feature.

## Climate

- Recirculate Air
- Automatic Ventilation
- Defog/Defrost Options
- Climate Features

**Air Conditioner Auto-Dry**  

After the vehicle is turned off, the fan will run automatically to dry the inside of the air conditioner to prevent mold growth.

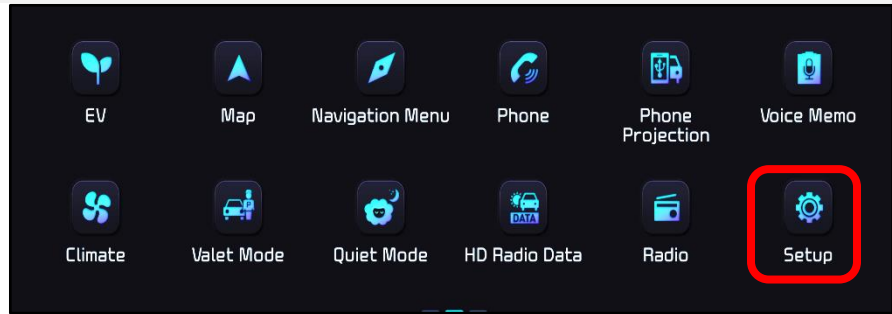

**Climate Control ECO Mode**

Activates the Convenience functions for Climate Control.

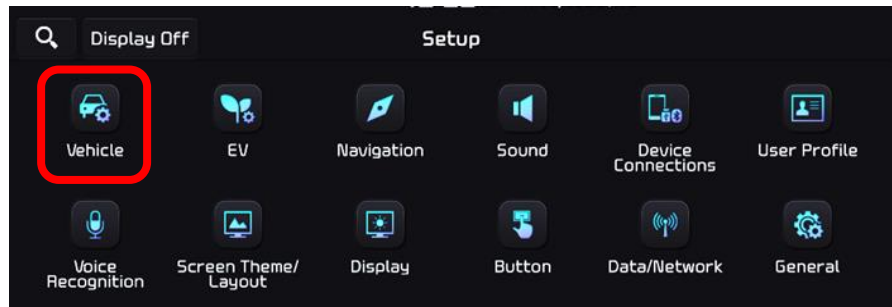

## Enable/Disable Procedure:

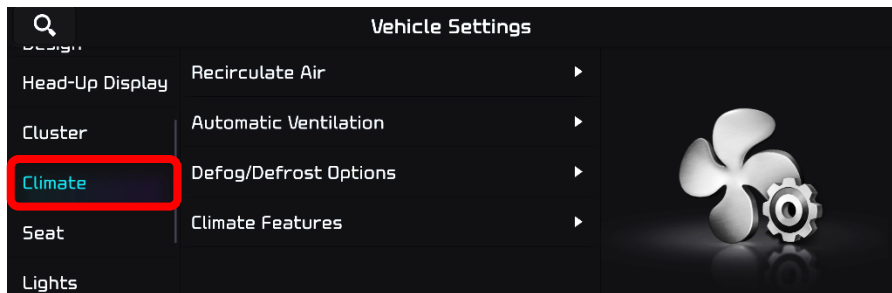

1. Select 'Setup'.

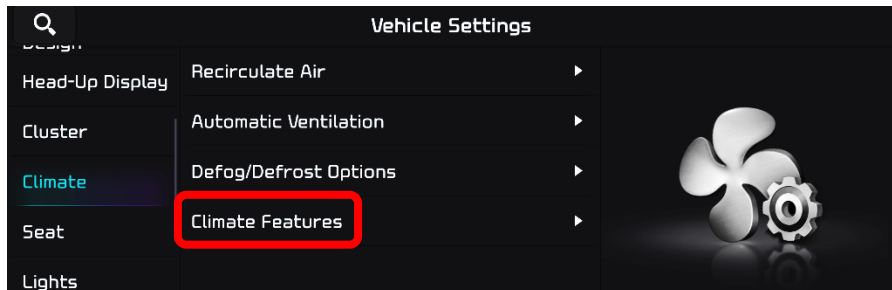

2. Select 'Vehicle'.

3. Select 'Climate'.

4. Select 'Climate Features'.

5. Press the box to enable or disable the Air Conditioner Auto-Dry.
