**Special Service Program (SSPD2) - OBD II Transmission Solenoid Detection Concern - 2024 CX-90 (All Powertrains)**

This notice applies to your vehicle VIN: \_\_\_\_\_

Dear Mazda Owner:

Mazda Motor Corporation has decided to conduct a Special Service Program on certain 2024MY CX-90 vehicles produced from December 27, 2022 through June 26, 2023. If you are a recipient of this notice, your vehicle is included in this SSP.

**What is the problem and what will Mazda do?**

On certain CX-90 vehicles, due to inappropriate control program of TCM (Transmission Control Module), if solenoid electrical failure is diagnosed with MIL (malfunction indicator light) illumination, the MIL may continue to stay on even after the electrical state returns to normal.

Your Mazda dealer will reprogram the TCM with modified software. It will take between one half-hour and up to two hours to complete the repair if more than one campaign repair is needed; however, your Mazda dealer may need your vehicle for a longer period of time.

**What should you do and Where is the closest Mazda dealer?**

Please make an appointment at your nearest Mazda dealer. If applicable, a notice for any additional affected campaigns would be sent to you with this notification and repaired at no cost to you during your visit. To locate your nearest Mazda dealer, sign onto the MyMazda app, log onto [www.mazdausa.com/owners](http://www.mazdausa.com/owners), visit [www.MazdaRecallInfo.com](http://www.MazdaRecallInfo.com). If you have questions, please call our Customer Experience Center at (800) 222-5500, option #6.

**Moved or no longer own this vehicle?**

If you have moved or no longer own your Mazda vehicle, please complete the enclosed postage-paid *Information Change Card* as soon as possible. This enables us to update our records and notify the current owner. If you are a vehicle lessor receiving this notice, please take steps to ensure that this notice is forwarded to the lessee.

Your satisfaction is a priority for Mazda. We actively work to improve our products and search for solutions to improve your ownership experience. Please accept our apologies for any inconvenience this program may have caused you.

Sincerely,
