1	68191349AC	Oil Filter	

Master

Qty	Part No.	Description	Notes
6	68518202AA	Oil	5W20 - quart
(AR)	68441763AA	Air Filter	

DIAGNOSIS:

Using a Scan Tool (wiTECH) with the appropriate Diagnostic Procedures available in DealerCONNECT/Service Library, verify all related systems are functioning as designed. If DTCs or symptom conditions, other than the ones listed above are present, record the issues on the repair order and repair as necessary before proceeding further with this bulletin.

If the customer describes any of the symptom listed above in the customer symptom section, perform the Repair Procedure.

SPECIAL TOOLS/EQUIPMENT:

Description	Ref. No.	Notes
wiTECH or Equivalent	–	–

REPAIR PROCEDURE:

NOTE: Check the air filter when performing this Repair Procedure.

1. Warm the vehicle indoors.
2. Remove the air cleaner resonator, clean out and dry any water or ice. Refer to the detailed service procedures available in DealerCONNECT/Service Library under: Service Info>09 - Engine, 3.6L / Air Intake System / Resonator, Air Cleaner / Removal.

NOTE: It is not necessary to remove the throttle body from the engine.

3. Clean out and dry, any water or ice from the throttle body [Fig. 1](#).

Fig. 1
Iced Throttle Body

4. Install the air cleaner resonator. Refer to the detailed service procedures available in DealerCONNECT/Service Library under: Service Info>09 - Engine, 3.6L / Air Intake System / Resonator, Air Cleaner / Installation.
5. Remove the Positive Crankcase Ventilation (PCV) valve, hose and clean out any water or ice. Refer to the detailed service procedures available in DealerCONNECT/Service Library under: Service Info>25 - Emissions Control / Crankcase Ventilation / Valve, Positive Crankcase Ventilation (PCV) / Removal.

6. Install the Positive Crankcase Ventilation (PCV) valve and hose. Refer to the detailed service procedures available in DealerCONNECT/Service Library under: Service Info>25 - Emissions Control / Crankcase Ventilation / Valve, Positive Crankcase Ventilation (PCV) / Installation.
7. Remove and discard the old make-up air hose and air cleaner lid, replacing these parts with the kit parts.
8. Change the engine oil and filter. Refer to the detailed service procedures available in DealerCONNECT/Service Library under: Service Info>09 - Engine, 3.6L / Lubrication / Oil / Standard Procedure.
9. Clear all DTCs that may have been set.

POLICY:

Reimbursable within the provisions of the warranty.
