Reference Bulletin: QB 46-A10258

Volvo Car Canada LTD, on behalf of Volvo Car Corporation, has decided to launch Active Service Action A10258 on certain Model Year 2024 XC40 and C40 vehicles.

Volvo Cars quality investigations have identified that some vehicles may have been built without the correct torque specification on the Electric Rear Axle Drive (ERAD) transmission housing. As a result, there may be oil seepage and/or noise/vibration.

The corrective action is to inspect the ERAD transmission visually for leaks and follow the instructions outlined in TIE based on the outcome of the inspection.

A10258 affects 1 vehicle in Canada.

Parts Required:

Part Number	Qty	Failing Part	Description
30746563	4		Sems screw
988370	4		Flange screw
30746667	4		Sems screw
30670602	2	F	Sems screw
30746612	4		Sems screw
30746712	4		Sems screw
30735856	2		Expanding ring
31367618	2		Spacer
